Design: Giuseppe Dell'Orto

TRE PROGRAMMI IN UNO

Spazi determinati, bisogni diversi e variabili, desideri di funzionalità ed eleganza: tutti elementi da valutare per arredare la zona giorno. Il programma TRIPLO di TURATI T4 risponde a tutte queste esigenze combinando intelligentemente i tre sistemi compositivi maggiormente utilizzati.

THREE PROGRAMS IN ONE

Specific spaces, different and variable needs, desires for functionality and elegance: all elements to be considered when furnishing the living area. The TRIPLO program by TURATI T4 meets all these needs by smartly combining the three most commonly used compositional systems.

DREI PROGRAMME IN EINEM

Spezifische Räume, unterschiedliche und variable Bedürfnisse, Wünsche nach Funktionalität und Eleganz: All dies sind Elemente, die bei der Einrichtung des Wohnbereichs berücksichtigt werden müssen. Das Programm TRIPLO von TURATI T4 erfüllt all diese Anforderungen, indem es die drei am häufigsten verwendeten Kompositionssysteme auf intelligente Weise kombiniert.

LISTINO 01.2026

I CONTENITORI ACCOSTABILI E SOVRAPPONIBILI si integrano perfettamente con la libreria. Appoggiati su zoccoli e basamenti rialzati giocano il proprio ruolo autonomo e complementare nell'armonia dell'insieme.

LE LIBRERIE nella struttura solida e classica a "spalla portante" oppure nella versione più contemporanea a sviluppo orizzontale creano un forte impatto geometrico.

LA BOISERIE, infine, oltre ad essere un elemento di arredo che veste di caldo legno la parete, è anche un corpo funzionale che può nascondere delle fonti luminose.

Combinare questi tre sistemi è semplice ed offre perciò una sconfinata libertà nella configurazione di un mobile solido, elegante, funzionale e praticamente su misura.

PRICE LIST 01.2026

THE STORAGE UNITS arranged one above the other and side by side integrate seamlessly with the bookcase. Resting on toe kicks or raised bases, they play both an autonomous and complementary role within the overall harmony of the composition.

THE BOOKCASES, whether in the solid and classic load-bearing side-panel structure or in the more contemporary horizontally developed version, create a strong geometric impact.

THE BOISERIE, finally, in addition to dressing the wall with the warmth of wood, also serves as a functional element capable of concealing integrated light sources.

Combining these three systems is simple and therefore offers unlimited freedom in configuring a solid, elegant, functional and practically tailor-made piece of furniture.

PREISLISTE 01.2026

DIE SCHRÄNKE, übereinander und nebeneinander angeordnet, fügen sich nahtlos in das Bücherregal ein. Auf Sockeln oder erhöhten Basen ruhend, übernehmen sie sowohl eine autonome als auch eine ergänzende Rolle innerhalb der harmonischen Gesamtkomposition.

DIE BÜCHERREGALE, ob in der soliden und klassischen tragenden Seitenwangenstruktur oder in der zeitgemäß horizontal entwickelten Variante, erzeugen eine starke geometrische Wirkung.

DIE BOISERIE kleidet die Wand nicht nur mit der Wärme des Holzes, sondern fungiert zugleich als funktionales Element, das integrierte Lichtquellen verbergen kann.

Die Kombination dieser drei Systeme ist einfach und bietet daher unbegrenzte Freiheit bei der Konfiguration eines soliden, eleganten, funktionalen und praktisch maßgeschneiderten Möbelstücks.

CONTENTORI CON ANTA A RIBALTA - FLIP DOOR STORAGE UNITS - Klapptür-Elemente

Per i contenitori con anta a ribalta non è previsto il fissaggio a muro: vengono infatti posizionati tra le mensole. Fanno eccezione i modelli MAXI BAR e MAXI DESK, che invece devono essere fissati a muro a causa del loro peso.

For flip door storage units, wall mounting is not required, as they are positioned between the shelves. The only exceptions are the MAXI BAR and MAXI DESK models, which must be wall mounted due to their weight.

Für Klapptür-Elemente ist keine Wandbefestigung vorgesehen, da sie zwischen den Regalböden positioniert werden. Ausgenommen davon sind die Modelle MAXI BAR und MAXI DESK, die aufgrund ihres Gewichts an der Wand befestigt werden müssen.
